# Diverse Training Offerings to Achieve Your Goals

Our training offerings provide you with the crucial skills you need to get the most out of your data and drive better-informed business decisions.

We offer the following options:

Choose from the standard Tableau course list (below)

Select a custom-tailored solution to meet your business need

## Analyst Bootcamp

A 5-day course series focused on using Desktop and Prep Builder—designed to accelerate your data prep and analysis skills.

## Desktop II: Intermediate

Expand your knowledge and distinguish yourself as a Tableau power user. Structured for those who have a solid foundation with Tableau, this course will help you take it to the next level.

## Visual Analytics

Create more meaningful visualizations by learning the science of data visualization and visual best practices. You'll become a better analyst, designer, and communicator after taking this course.

## Desktop I and II: Accelerated

A 3-day course that consolidates Desktop I and Desktop II into an intensive course aimed to get you ramped on Tableau Desktop faster than ever.

## Desktop III: Advanced

Explore Tableau Desktop's more technical features and dig deeper into your data. You'll learn advanced uses for calculations and chart techniques that create innovative analysis and dashboards.

## Prep I

Learn the ins-and-outs of Tableau Prep to combine, shape, and clean your data. You'll walk away knowing how to create flows then output them for analysis in Tableau Desktop.

## Desktop I: Fundamentals

Learn core Desktop skills in this introductory class. You'll gain a thorough introduction to data analysis and visual design in Tableau, and learn how to build views and interactive dashboards.
