

Legacy BI to Tableau Discovery

Make a Tableau migration plan with CoEnterprise that meets your organization's unique business, analytics, and infrastructure needs.

Our legacy migration planning provides easy, step-by-step guidance on the tools, planning, and resources you will need to move off outdated legacy business intelligence solutions with **confidence**. No matter where you are in the migration process, CoEnterprise will provide an objective assessment of what lies ahead.

- ✓ Learn **key steps** and **best practices** to assess and migrate to Tableau from your legacy analytics
- ✓ Get quick access to **expert guidance, tools, and resources** to help you plan your next steps
- ✓ Estimate your costs and see how CoEnterprise can help you uncover the value of migrating
- ✓ See how a CoEnterprise migration plan may **lower your Tableau total cost of ownership (TCO)**

Assess

A COE engineer will understand your current Legacy environment and other considerations to meet your goals. On-Prem to Cloud, Cloud to Cloud.

Plan

Plan for a migration to Tableau on your platform of choice. Identify resource plan, effort required, and potential risks.

ROI

Take a data-driven approach to understand the financials of a migration.

Jumpstart your journey to Tableau with CoEnterprise and receive expert guidance to expedite your migration.
