

Syncrofy Integration Cloud

Optimize Partner Onboarding, Reduce Costs, and Maximize ROI

- ↳ Is your managed services provider falling short of your expectations?
- ↳ Are you spending more time monitoring them than you are on mission-critical tasks?
- ↳ Have you failed to see a return on your investment?

If you've answered yes to any of those, don't sweat it, we're here to help.

We Are the Integration Experts

Our Syncrofy Integration Cloud offering helps companies like yours solve many of their common, daily integration challenges. From communication strategy, data transformation, and translation to data security visibility and analytics.

Best-In-Class Technology to Empower Your Business

Syncrofy Integration Cloud was born out of the desire to help our customers realize the exponential business value that modern B2B integration can drive. Through industry-leading technology, we enable a proactive and collaborative approach to your B2B relationships while substantially cutting the burden on your organization's resources and driving your success.

Why CoEnterprise?

We have been successfully providing EDI managed services for our clients over the past decade. With a deep domain knowledge and expertise in Electronic Data Interchange (EDI) and partner communications, legacy platform migrations, cloud deployments, and 24x7 global platform support, our team offers a unique set of expertise and skills. These, paired with our award-winning customer service makes us the #1 choice.

- ✓ Deep and proven industry expertise
- ✓ Always on-time, and on-budget
- ✓ Continuous, award-winning support
- ✓ Minimal disruption to your business
- ✓ Exceptional, consistent client service
- ✓ Unique positioning to solve your business problems

A Proven Methodology for Maximum ROI

Our Syncrofy Integration Cloud offering leverages an extensive set of traditional and modern EDI standards including:

XML	RosettaNet
X12	Tradacoms
EDIFACT	Definable custom standards
HC7	

It also supports a full range of trading partner communications including AS2 (Drummond certified), FTP/Secure FTP, or web services using SOAP or HTML and APIs.

Exceptional Service Combined with Next Generation Tools

We believe that by leveraging powerful, world-class technology, paired with repeatable deployment assets, we can provide top-notch service at a compelling cost in comparison with the market. Syncrofy Integration Cloud also includes a modern self-service, visibility, and analytics tool with advanced reporting capabilities.
